**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in a neighborhood with very limited internet access. The speeds are slow and the prices are high. A competitive market ensures that consumers (like you) will have access to better prices. Incumbent carriers want to change that, and limit your access to choose the best possible service at the best possible price. We need more competition and selection. Local broadband providers are critical to providing the community service and selection that is needed.
